

Turf Type Tall Fescue

Temple AT®

Benefits:

- ✓ Good Color
- ✓ Drought Tolerant
- ✓ Aggressive Tillering
- ✓ Dense
- ✓ Brown Patch and Net Blotch disease resistance
- ✓ Dwarf growth habit
- ✓ Does Great in Low Maintenance Situations

Seeding Rates:

8-10 LBS/1,000 square feet for new establishment

4-5 LBS/1,000 square feet for overseeding

Temple was developed and selected for best performance turf and high seed yields. **Temple** has a dwarf growth habit and was highly rated in the NTEP Schedule B (Low Maintenance) trial. It also received a high NTEP performance rating in Table 4, Schedule A maintenance.

Temple produces an attractive turf with good genetic color, density, great Brown Patch and Net Blotch disease resistance. These characteristics makes **Temple** great for many applications like home lawns, parks, sod production, sports fields and commercial properties. **Temple** is also compatible with other cool-season turfgrasses.

If you are looking for a Turf Type Tall Fescue that has a dwarf growth habit **Temple** is the Tall Fescue for you.
